**Issues/Concerns**:  
None  

**Comments**:  
- 125-hour aircraft inspection will take place early in Grand Junction. TOIL pilots expect this will only be a single day delay, with the Otter hopefully arriving in El Paso Sunday night. With two days for pumping/cooling, best estimate is that first flight in D14 will be pushed to Wednesday, 8/23.  
- Doug Cavender arrived in Tucson, AZ. Michael Wussow travels to El Paso tomorrow.
